[^0]2) Shareholders equity does not include the current market gain or loss of the company's fixed rate investment portfolio
*Basic earnings per share are calculated based upon net income available to common shareholders after preferred stock dividends
**Dilutive earnings per share are calculated based upon net income (including preferred stock available to be converted into common stock).
*** Calculated by dividing total noninterest expense by net interest income plus noninterest income (adjusted for certain items) and gain on sale
of loans included for YTD 2021 and 2022.
All CORE calculations are done without including interest income and processing fees associated with PPP loans.

[^0]:    1) Tangible Shareholder's Equity adjusts Shareholder's Equity by the current market gain or loss of the company's fixed rate investment portfolio
